Sheet C

**Note: The outside of any walls on the platform or ramp will have vinyl stickers on them and will not be plain white corrugated plastic.**

**Note: All corrugated plastic cuts are for one half of the game table. If you are building a full game table, make sure to double these cuts.**  
**Each cut is labeled with a number and will be shown with the sheet letter and number on the Corrugated Plastic Positions page (eg. B2).**

These are flush with game table

Unless otherwise noted, corrugated plastic sits flush with the edges of PVC connectors so that it can be attached with screws.

### PVC Dispenser

A simpler manual ramp is also available on the team homebase that can be printed.

A second alternative is to use cardboard or leftover corrugated plastic. This only needs to be set up if you intend to go for the drums.
